*John Doe<sup>1</sup>, Joanne Doe<sup>2</sup>*

*1 School of Psychology, Victoria University of Wellington.*

*2 Psychology Department, University of Otago, Dunedin.*

Body of abstract in double spaced text, Times New Roman, 12 point font with left hand justified margins. Do not use references in the abstract.

In 300 words or less outline: The overall purpose of the study and the research problem(s) investigated, noting why the study was important. Lengthy background information and citations are not needed in the abstract. Next, provide information regarding the method, explaining what was done and how. Summarize the key findings or trends found as a result of the analysis. Finally, a summary of the conclusions and implications of the results e.g. what do the results mean and what changes should be implemented as a result of the findings of the work?
