

Position Title: Behaviour Specialist
Reporting Manager: Specialist Services Manager
Tier: Tier 5
Division: Mental Health & Wellbeing
Location: Whangarei

Who we Are

HealthCare NZ provides a wide array of health and human services to people throughout New Zealand. We serve people in their homes and communities as well as in specialised treatment settings. We help people gain access to needed services and provide oversight and management services for people who have disabilities, ensuring they receive vital services, are safe, well-cared for and live as independently as possible.

HealthCare NZ's vision is to be a leader in community support and a partner in community wellbeing. Since 1988 we have been caring, supporting and empowering people in need to live independently, safely and well in their community. Our commitment is to provide a way of working with those we support, stakeholders, business partners and staff based on our values - respect, support and excellence.

We are committed to ensuring our services are delivered to Maori clients in a manner that recognises and respects Maori values and beliefs. As an organisation we recognise our obligation to Te Tiriti o Waitangi and acknowledge Maori as tangata whenua who have unique values, social structures and worldviews.

We work with a range of partners in local and central Government, public and private sector agencies and community groups to advise on delivering effective and efficient healthcare now and in the future.

Behaviour Specialist

Why You're Here

The key purpose of the Behaviour Specialist role is to deliver high quality professional services based on a positive behaviour support framework consistent with our contract obligations within the Ministry of Health, ACC, and other providers as required. As the Behaviour Specialist you are responsible for the delivery of specialist behaviour support services to children and adults with a disability, their family/whanau and their support networks. You will ensure services we provide are clinically safe and responsive to client need. Your work with clients will be person centred, efficient, and innovative.

You will use an evidence based transdisciplinary model to work across traditional boundaries bringing together a variety of disciplines and expertise. You will support and work alongside clients, family/whanau and residential providers to develop and review goals ensuring they are achievable, person-centred and create a sustainable and enduring change.

You will be a member of the Explore team of Wellbeing and Behaviour Specialists providing assessment, individual and group intervention or therapy, consultation and advice, training and supervision.

What You'll be Doing

Strategy
